### A flexible all-rounder: half-closed articulated arm awning Terrea H60

With this slender Terrea awning, you can shade even large areas and rely on comfortable shaded spaces, even on hot days. Various drive variants and extras such as LED lighting, radiant heaters and valance roller blinds guarantee complete design freedom. The integrated rain hood and the optional fabric bearing shell protect the awning from the wind and weather from all sides. Enjoy a sunny outlook!

## Create your space to live out, feel in!

### WAREMA Designer

Visualise your dream awning on your own patio with our app - available for Android and iOS!

Want to enjoy more time outdoors without compromising on a perfect sun shading system? With the help of our innovative awning solutions, you can create an entirely new living space on your own patio: a place where the whole family can live out and feel in while working, relaxing or playing. You can find high-grade patio awnings for every installation situation and taste in our current programme. Attractive designs and frame colours ensure you have the greatest design freedom. And the clever accessories guarantee optimum operating comfort and a real boost to your quality of life.

Be inspired and discover the WAREMA live out, feel in world.

### Solid all-rounder: open articulated arm awning Terrea G60

Relax, put your feet up, feel the summer: with our open Terrea awnings you can create a comfortable place in the shade at any time. Thanks to the large selection of fabrics, colours and designs, it will harmoniously blend into your patio. The option of adjusting the inclination angle up to 85° as well as the optional valance roller blinds ensure perfect protection – even when the sun is low in the sky. Look forward to unforgettable feel-good moments!

### LED lighting

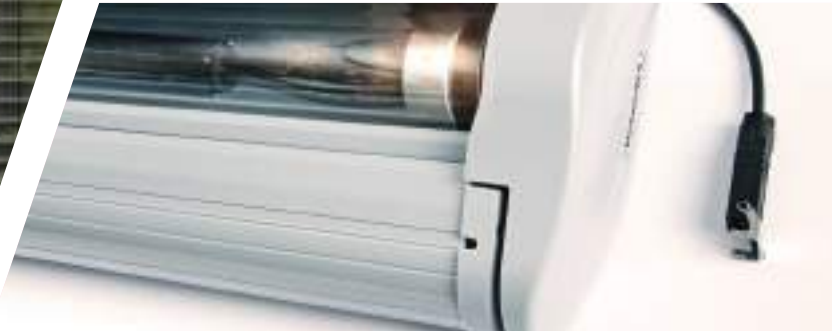

- For cosy summer evenings made possible with integrated lighting in front rails
- From bright light for reading to an atmospheric ambience, all lighting variations are possible
- Can be individually adjusted with the WMS Dimmer

Printing errors, changes and deviations from the technical specifications and product presentation are possible due to the individual structural conditions and apply to all the products included in this brochure.

### Integrated WMS control

- WMS components already built-in ex works
- Directly integrated in the bearing tube or completely in the shaft housing depending on the type of awning
- Comfortable operation of Terrea awnings with hand-held or wall-mounted transmitter, or via smartphone

### Tried and tested shading systems: cassette awnings Terrea 550 and 580

Want to get out into the summer air? With the Terrea awnings, you can look forward to pleasant afternoons on your perfectly shaded patio. Whether you want bold colours or a subtle design – make your ideas a reality! You are also free to choose the drive: crank, motor or radio motor? Extras such as radiant heaters or dimmable LED lighting guarantee a cosy atmosphere even in the evening hours. Time to relax!

### Attractive eye-catcher: cassette awning Terrea K60

Versatile, functional, inspiring: this compact Terrea awning offers everything that makes for a reliable sun shading system. The oval cassette can be stylishly integrated into any facade and protects the fabric and the articulated arm from the wind and weather. Our accessories provide unbeatable comfort. The valance roller blind, for example, ensures a glare-free patio experience even when the sun is low in the sky and also protects your privacy at the same time. Inspired?

### Fully protected: patio side screen

- Enjoy the summer in peace
- Three-way lateral protection against wind, sun and prying eyes
- Easy operation thanks to the practical handle

### Cassette awning Terrea K50

The Terrea K50 is ideal as an elegant shading solution for smaller areas. The adjustable awning in a modern design, which can be used flexibly, can also be fitted with convenient accessories.

### The latest generation of sun shading system: cassette awning Terrea K70

Do you like simple design and straight lines? Then you will love this Terrea awning. With its compact, rectangular construction, it blends seamlessly into cubic architectural designs with flat or mono-pitched roofs. Our wide selection of designs, fabrics, colours and accessories allow for numerous possible combinations. Our highlight: the integrated WMS Comfort control allows valance roller blinds and awnings to retract in strong winds. Treat yourself to this luxury!
